6.	Budget.....	8

1. Main Information

Project Title (max 140 characters)

Please enter a descriptive title of your project

Project acronym (max 25 characters)

Please enter a short title or acronym for your project.

Please select the thematic area that best aligns with your project

Please, note that project thematic area will be considered during the selection process

Urban mobility / Climate / Food

If applicable and relevant, please select a second thematic area to which your project aligns (optional)

Urban mobility / Climate / Food

Project starting date

February 1, 2027 (*pre-defined*)

Project closing date

Total Budget (€)

58.000,00 (*automatically filled*)

EIT Funding (€)

49.300,00 (*automatically filled*)

Own Co-funding (%)

15% (*automatically filled*)

Executive summary (max 1000 characters)

Short public-facing summary including the addressed need, proposed solution, expected impact, and target community. This information should be accessible to the public for dissemination. Avoid jargon, acronyms, confidential or sensitive information.

Country where the project will take place

City/village/region where the project will take place

How did you hear about this call? (Please select one or more)

Choose one option from a dropdown menu

List of keywords related to this project

Please provide a minimum of three and a maximum of five keywords

Free Self-defined Keywords

Please provide a minimum of three and a maximum of five keywords

2. Partner Information

Project Leader (meaning Applicant)

(automatically assigned by the system_ contact of the organisation that creates the Application Form)

Project Leader - main contact person e-mail

(automatically assigned by the system_ e-mail address of the contact that created the Application Form)

Partners Involved in the project

All partners must be selected from the registration list. If the organisation you are looking for is not found in the list, please invite them to register here

Please provide a one-sentence description of each organisation. More detailed information on each organisation's role in the project will be requested later in the application.

Existence of direct links between participants in the current proposal

Yes / No

You must indicate if there is any direct link between any of them. If there is a direct link, you must indicate which partners are linked and which type of link they have.

Co-editor

Under this section you can also add any contact to whom you wish to grant co-editor rights. To add a contact, you must introduce the full and correct e-mail address. At that point, you will be able to select the contact from the drop-down menu.

3. Project Scope

EXCELLENCE

Need and relevance: Project background and social context (max 1300 characters)

Explain the local challenge that has led to your proposal. Please mention who the community affected by this challenge is, and whether you or any of the partners are part of it and/or have been working with it before. (You do not yet need to describe your proposal, as this will be addressed in a later question; please focus on the challenge you have identified).

Alignment with the New European Bauhaus

How does your project relate to the values and working principles of the New European Bauhaus?

Please briefly reflect on how your project aims to be sustainable (circularity, long-term thinking, environmental impact) (max 800 characters)

Please briefly reflect on how your project supports meaningful inclusion and participation. Please demonstrate how gender equity is considered, as well as the representation, participation, and access of underserved groups. (max 800 characters)

Please briefly reflect on how your project considers quality of place and experience (design, culture, identity) (max 800 characters)

IMPACT

Proposed outcomes and outputs (max 800 characters)

* An outcome is defined as a specific change in behaviour, knowledge, skills, attitudes, or circumstances of beneficiaries resulting from project activities.

* An output refers to direct, tangible, and measurable products, goods, or services delivered (e.g. workshops, technical plans, participants trained, handbook produced, or other relevant achievements).

Present and explain the key outcome your project aims to achieve in order to enhance the community's quality of life in the medium to long term.

Please list the outputs that will be produced or achieved to contribute to their realization. (max 3 outputs). Please indicate the expected value of each mentioned output.

Potential future durability and transferability of the solution. (max. 1.000 characters)

Please describe how you envision the continuity of the project in this context or its transferability to other locations beyond this programme. Indicate any alignment with existing local strategies or policies, and how this may be relevant in the medium and long term.

Target groups

Identify up to three target groups your project is directed at. Select them from the drop-down menu.

Drop down

Children; Students; Municipalities/public authorities; Local businesses; Low-income groups; Ethnically diverse and/or immigrant communities; Elderly people; Artists/cultural workers; Youth; Local farmers/fishermen; Caregivers/healthcare staff; Researchers/academics; Teachers/local educators; Local residents; Young professionals; Community organisations; Other

For each target group selected, briefly explain why you consider them relevant, and describe how you intend to build or strengthen communication channels and disseminate your activities and proposal to ensure effective and meaningful engagement in the project. (max 1300 characters)

QUALITY OF IMPLEMENTATION

Team capacity

Describe how each partner will contribute to the project. Make sure to indicate their relationship with the community and with any of the other partners.

Lead partner: Specify your key capacities and expertise, and briefly explain your role in the project and consortium dynamics. (max 600 characters) Mandatory

Partner 2: Specify their key capacities and expertise, and their expected role in the project and consortium dynamics. (max 600 characters) Mandatory

Partner 3 (if applicable) : Specify their key capacities and expertise, and their expected role in the project and consortium dynamics. (max 600 characters) Optional

Partner 4 (if applicable) : Specify their key capacities and expertise, and their expected role in the project and consortium dynamics. (max 600 characters) Optional

Budget (max 1.300 characters)

Demonstrate a clear and realistic allocation of the project budget (€58,000.00), showing alignment between the budget and the proposed activities, and a realistic prioritisation of resources.

Co-creation methodologies (max 1.300 characters)

Describe how communities and target groups will be actively involved and engaged in shaping the project through meaningful participatory approaches, such as co-design processes, workshops, assemblies, or living labs.

Risk Management Plan

Please identify and describe relevant risks and the corresponding mitigation measures.

4. Workplan

Create only **one** single Work Package (WP) titled **Project Implementation** and add the Applicant **organisation** as WP leader and all consortium members as WP contributors.

WP name

Project Implementation

WP description

Define your work plan for the project's entire duration, organising your plan as a timeline (monthly, quarterly, or other meaningful structure).

For each period, present and describe the main activities. Specify the key results expected in each activity.

WP Start Date

February 1, 2027

WP end date

End of the project

WP leader

Applicant organisation

WP contributors

All consortium members

Role of Partners

Describe the role and contribution of all the partners to the WP

Deliverables

Please add the two mandatory deliverables to the created work package

Deliverable name	Final Report
Deliverable Description	Report presenting the activities implemented, results achieved, overall impact, and final project outcomes
Deliverable achievement date	End of the project

Deliverable name	Deliverable 2_A: Public Space Improvement Or Deliverable 2_B: Research and/or new methodologies supporting improvements in the built environment
Deliverable Description	Deliverable 2_A: Document describing public realm improvements, including pictures of the site before and after the intervention, and highlight key aspects that show how the space is integrated into its context and how it is being used by the community. Any relevant elements related to sustainability, materials, design, or other features, should be included (end of the project). Or

	Deliverable 2_B: Report or graphic material providing actionable insights to improve the built environment within one or more neighbourhoods or regions, supporting public strategies and contribute to medium- and long-term impacts on the public sphere, including enhanced planning, policy-making, and/or community engagement (end of the project).
Deliverable achievement date	End of the project

KPIs

Please indicate the KPIs to be achieved within the duration of your project, in line with the defined work plan.

KPI code	KPI Title	KPI Description	Target value 2025	KPI achievement date	Responsible Partner	Contributing Partner
EITHE08.1	Participants in (non-degree) education and training	<i>Automatically filled</i>	Min 25	End of the project		
KSN03	Public realm improvement (optional)	<i>Automatically filled</i>	Min 1	End of the project		

5. Supporting documents

For participating entities affiliated with a city or a region, upload either the legal registration/official document that proves the legal affiliation or a declaration of affiliation signed by the legal representative of the affiliated entity (find the template in the Call Webpage)

Upload in PDF (max. 10 MB per document)

6. Budget

For each partner, you must indicate the **G.LUMPSUM amount, the percentage of EIT funding** (the part of the costs which will be covered by EIT) and the percentage of **co-funding**. To support you in calculating the rates required for allocating the budget among the project partners, please use the Excel file provided in the Call webpage. Specific guidance is provided within the file. As mentioned in the Call Manual, all partners must have a budget, even if it only includes co-funding and no direct EIT funding.

Right under the total budget table, you will find one table per each one of the partners involved into the project. You will be able to fill in all the cells which appear white.

Budget Partner A	WP1	Total
G. LUMPSUM	Not editable	
EIT Funding (%)		
Partner Own Funding Rate (%)		
Other Co-funding Rate – National and Regional		
Other Co-Funding – EU non-EIT Rate		
Other Co-Funding – Other Rate		
Other Co-funding Rate - Private
